FOR JUDGE SUPERIOR COURT

To the Voters of the Ogeechee Judicial Circuit:

Thanking the people of this circuit for the honor conferred upon me as your judge in the last two elections, I hereby announce myself again a candidate for the office of judge of the superior courts of this circuit. I have endeavored to make an honest, upright and impartial judge. I shall, if elected, pursue the same course in the administration of the law as I have in the past. I shall appreciate your vote and if elected I shall do my best to faithfully perform the duties of the office.

H. B. STRANGE.

FOR JUDGE SUPERIOR COURT

To the Voters of the Ogeechee Judicial Circuit:

As a candidate for judge of the circuit in the 1928 state primary, I ask full consideration by you of my candidacy, assuring you that your vote and influence will be appreciated. If elected, the duties of the office will be discharged with care, impartiality, and expedition.

Respectfully,
Y. E. BARGERON.

FOR JUDGE SUPERIOR COURT

To the People of the Ogeechee Judicial Circuit:

Having a desire to serve the people of my circuit as their superior court judge, I hereby announce myself as a candidate for the office of judge of the superior court of the Ogeechee judicial circuit, subject to the rules and regulations of the next state Democratic primary, and, if elected, I promise to faithfully and impartially administer the laws, the support of every man and woman in the circuit is most respectfully solicited.

Respectfully yours,
WILLIAM WOODRUM.

FOR SOLICITOR GENERAL

To the Voters of Ogeechee Circuit:

I hereby announce myself a candidate for solicitor general of the Ogeechee judicial circuit subject to the Democratic primary to be held in September, and will appreciate the support of the people of the entire circuit.

W. G. NEVILLE.

FOR SOLICITOR GENERAL

To the Voters of Ogeechee Circuit:

Grateful to the people for the honor conferred upon me four years ago, and realizing that the office was, and is a gift of the people, I again offer as a candidate for solicitor general of the Ogeechee judicial circuit, subject to the rules of the Democratic primary. If elected to this office, I assure you that I will continue, as I have tried in the past, to discharge my duties faithfully, impartially, and to the best of my ability.

Respectfully yours,
JOHN C. HOLLENBORTH.

FOR REPRESENTATIVE

To the Voters of Bulloch County:

I am again submitting to you my candidacy for representative in the Georgia legislature, subject to the forthcoming Democratic primary, and shall appreciate the support of every voter in the county. For two terms I have been honored with your confidence and I have labored to correctly represent you. You are familiar with my record, and I assure you it will be my highest ambition if elected to serve you as faithfully in the future as in the past.

Sincerely,
J. V. BRUNSON.

FOR REPRESENTATIVE

To the Voters of Bulloch County:

I beg to announce my candidacy for representative in the next general assembly to be held in September next. I will appreciate your support.

H. D. BRANNEN.

FOR REPRESENTATIVE

To the Voters of Bulloch County:

I hereby announce my candidacy for representative in the next general assembly to be held in September next. I will appreciate your support, and if elected I shall strive to serve you as faithfully as I can.

HOWELL CONE.

COUNTY SCHOOL NEWS

The superintendent of one of our most progressive senior high schools will not put into operation the demerit system this fall. This system of discipline has always had good effects in the belief that it would be a credit having effect for "demerits" and a corresponding grade for "special merit." Should a child never be given a demerit, he should be given credit for good behavior and for special accomplishments. In case a child has on his record a few demerits, permit him to work off the demerits by doing enough good to win special merit. This system possibly may save the use of the rod and at the same time enforce a discipline that will be entirely satisfactory. Suppose the teachers give this method careful consideration and before buying report cards, have special cards made with these provisions printed on them.

It now seems that the cotton crop will be at least fifteen days later than last year and that we may not be able to begin our junior schools much before the first of October. The senior schools should begin the 3rd of September if possible. Nine months take us so late in the next year unless we get four months in the fall.

We cannot levy our local tax until the Comptroller General approves the county tax digest. We should be able to get these levies made by the first of September. Trustees should remember that we must make four copies of these levies and that they have to be certified to by the county school superintendent to make a legal levy. When the digest is available I shall notify the trustees that they may make engagements so not to have two sets of trustees in waiting at the same time.

In new tax districts the trustees should immediately list all taxable property and have it on a sheet so that all property may be included in the tax levy. Another matter, we must not make levies on two districts on the same property as has so often happened. If this occurs, the levies will be marked off in order to prevent annoying the taxpayers as we have had to occur during the past several years.

We are anxious to hear from the state as to what our share of the general appropriation for 1929 will be. This being a school census year, we have no idea what to expect as we have no information as to the census totals compared to 1923. Until we get this information, we cannot give out to trustees and teachers anything definite as to budgets or salaries. Until we are informed we cannot inform others.

Just a few more days of vacation for the girls and boys who attend the senior high schools of the county. It would be a splendid idea to get those old books together and do some review work if you wish to have your work made easier during the coming term. If you do not put out some hard work you will not be able to take in the work to be assigned you this fall and winter without a real lot of very hard study. Be ready for the grind before it comes. If you do nothing, you get nothing in return. It requires work to do the hard jobs we have to face in life.

At a called meeting of the board of education, the Mill Creek School district was annexed to the Portals school district. A new truck route will be established to take the Mill Creek children to the Portals school this fall. This route will be established by the Portals trustees and the truck operator will be employed by them. But before this can be legally done, an election will have to be held for the purpose of electing a complete set of trustees for the whole Portals school district. Notices of the election will be posted immediately.

The Mill Creek school house will be sold to the highest and best bidder for cash and the money will be divided equally between the Portals and Middle Ground schools. The debt will be equally divided between these two schools. Any citizen interested in the purchase of the Mill Creek school house may watch for notices of the sale of same.

B. P. OLLIFF, Supt.

NON-SKID RUBBER

BEING DEVELOPED

"Notable improvements are being made in preventing skidding," says D. Percy Averitt, of the Inland-Out Tilling Station, local distributor of Michelin tires. "There has been much misunderstanding," says Mr. Averitt, "as to what it is that makes a tire an effective non-skid. For a long time it was believed that the shape of the tire tread counted for most. But research in the laboratories of the Michelin Tire Company has since shown that still more important is the nature of the rubber itself. "Some substances have the quality of slipping readily over other substances. For instance, oil. Some kinds of rubber have this quality; some do not. "Michelin has been at work on a non-skid rubber—one that will have the highest possible anti-skid coefficient. Much progress has been made and we are now using a rubber that should go a long way toward reducing accidents and providing a complete answer to the skidding problem."

98 official records for speed and stamina prove the merit of these new STUDEBAKERS

Drive the New Studebaker—then you will realize why Studebaker holds more official stock car records than all others combined, including the greatest record for sustained speed in the history of transportation—25,000 miles in less than 23,000 consecutive minutes.

Drive Before You Buy!

This remarkable performance is yours to command. You will thrill not only to excess power, easy steering and brakes which have double the efficiency accepted as standard—but also to the unusual riding comfort resulting from Studebaker's exclusive ball bearing spring shackles—the greatest advance in rest-

ful riding since balloon tires. Lubricant for upwards of 20,000 miles is sealed in each shackle—a vast advance over any other system of chassis lubrication.

You will know after your ride why Studebaker sales have increased every month for eleven consecutive months—even when sales for the industry as a whole were less.

A ROMANTIC DRAMA

THURSDAY and FRIDAY, August 16th and 17th

"THE DEVIL DANCER"

With Gilda Gray and Olive Brook; story by Harry Harvey; adapted by Albee D. G. Miller; directed by Fred Niblo. The burning passion of the Orient; the thrilling escapes and chilling pursuits; the beat of drums; the clatter of cymbals; the conflict of hearts—that's the film sensation of "The Devil Dancer." Two men fought for her. One to hold what he had bought; the other to win the love he sought. There's graceful dancing, intoxicating love, menace, adventure; and, again—Gilda dancing, dancing, dancing! Something new in atmosphere, something new in dancing included in "The Devil Dancer." "NOW, I'LL TELL YOU ONE"—a big laugh.

A ROMANTIC DRAMA

SATURDAY and MONDAY, August 18th and 20th

"ANNIE LAURIE"

With Lillian Gish and Norman Kerry; a romance by Josephine Lovett; a John S. Robertson production. Annie Laurie, beloved to the world for centuries in song and story, has come to the screen. The picture is founded on the dramatic history of the Glencoe Massacre. It's a powerful drama as romantic as the race it tells of. The picture tells of a conflict that existed between two clans of the Scottish highlands. "Annie Laurie," she alone knew that treachery was planned—if only she could light the warning beacon that would call the clan to arms. It's a thrilling moment of drama of love and was between the Scotch Highlanders. "ISN'T NATURE GRAND?"—Yes!

A MELODRAMA OF CHINATOWN

TUESDAY and WEDNESDAY, August 21st and 22nd

"OLD SAN FRANCISCO"

With Dolores Costello and Warner Oland; from the story by Darryl Francis Zanuck; directed by Alan Crosland. "Old San Francisco" is a thrilling melodrama of the colorful days before the "great fire." The story has to do with a Spanish heiress, who is kidnapped by a half-caste boss of the underworld and offered for sale in a subterranean auction room dim with the fumes of the poppy and garnished with leak and sandalwood and gilded dragons. This is a burning story of love and unselfish devotion and the climax, one of which the "great fire" ended the sway of the underworld. "PATHE NEWS, No. 66." Sees all, knows all—the world's newspaper.

To All Owners of
DODGE BROTHERS MOTOR CARS

PAST, PRESENT AND FUTURE

by
WALTER P. CHRYSLER

You, more than anyone else, are entitled to know the purpose behind our recent acquisition of the assets and facilities of Dodge Brothers, Inc.

For upon that purpose depends the security of your investment in Dodge Brothers products.

In acquiring Dodge Brothers, Inc. for the Chrysler Corporation, we have secured one of the largest and most modern automobile factories in the world and with it an organization of exceptional ability.

We intend that these facilities shall be utilized to increase the value and quality in Dodge Brothers cars and Graham Brothers Trucks and Motor Coaches. We have secured, in addition, a dealer organization that has always been recognized as one of the finest in the industry.

It is our intention to deserve the continued loyalty of this group of substantial, progressive merchants by making it possible for them to enjoy increasing prosperity through the sale of Dodge Brothers products.

We have secured, moreover, that which transcends in importance either Dodge Brothers superb plant equipment or Dodge Brothers splendid dealer organization. For we have become the lawful heirs of Dodge Brothers Good Name, with all the solemn obligations which that inheritance implies.

We have become the trustees of Dodge Brothers good faith to their customers, and it is our purpose to execute that trust with fidelity.

The priceless identity of all Dodge Brothers products will be preserved—as well as the sound policies that have made the words Dodge Brothers synonymous with Honest Value and Dependability.

Dodge Brothers Works will continue to produce Dodge Brothers Motor Cars and Graham Brothers commercial vehicles. Dodge Brothers dealers will continue to sell and service them.

The men to whose capable support the success of the Chrysler Corporation is due, unite with me in pledging perpetuation of Dodge Brothers ideals, to the end that a Good Name may be made still better.

W. P. Chrysler
President of Chrysler Corporation
Division of Chrysler Corporation

GEORGIA SHOWS INCREASE
IN HUNTING LICENSES

Atlanta, Ga., July 6.—Although Georgia is far down in the list of states in the aggregate revenue derived from the sale of hunting licenses, official records received show that this state ranks second in the United States in percentage increase in hunting licenses sold during the past five-year period. Arkansas has the distinction of being the only state ahead of Georgia in this respect.

This record does not mean that Georgia is second in total number of hunting licenses sold, as she is surpassed by many of the more populous states; in fact, Georgia is near the bottom of the list in total revenue received by her game and fish department, due to the fact that she is one of the very few states that requires no fishing license.

The department, it is well to state in this connection, does not coat the taxpayers a cent. It receives no appropriation whatever from the legislature, but is supported entirely by revenue from the sale of hunting licenses. The heaviest expense of the department is in the maintenance of game wardens, deputies and special patrolmen to enforce the game and fish laws, although many thousands of dollars have been spent in the purchase of quail, deer and other game for restocking purposes, the establishment of a large game preserve in North Georgia, the planting of special foods to attract ducks and other migratory birds, and in aiding in the restocking of many streams and lakes of the state with fish. The department now has plans under way for the early establishment of a trout hatchery in North Georgia.

CHIEF OBSTRUCTIONIST A
CHAMPION OF HARMONY

Atlanta, Ga., Aug. 9.—The following statement is issued by Governor Hardman's headquarters: "The most amazing situation that Georgia politics has ever known is the spectacle afforded by the chief obstructionist of the last session of the general assembly. He is going over the state claiming that Georgia needs a harmony between legislative and executive departments, and decriing the lack of what harmony in the last session. "If Mr. Rivers thinks that harmony between these two departments would help the state, and if he places the good of the state above his own political future and the political future of the machine of which he has, for so long, been a member, then he is going to have a mighty hard time explaining his role of chief obstructionist. It is the age-old story of rule or ruin, and when Ed. Rivers found that he could not rule he had no hesitation in doing his best to ruin. "He hid behind a mass of generalities, finding it impossible to point to a single specific instance where Governor Hardman has not lived up to every campaign promise, or where he has violated a single promise made to the people who elected him. His favorite barrage is one in which he claims that Governor Hardman is spending unlimited money in his campaign, whereas, as a matter of fact, the Hardman campaign is the most economical one that Georgia has had for many years. Whatever money is being spent, and what may be spent in the future, is Governor Hardman's money. No portion of it is being contributed by any paving contractor, by any dealer in paving material, road machinery, or by any one else. "The Rivers' statements are characteristic of a few individuals who would attempt to appeal to the prejudices of the people, and array sentiment against the man who has business ability enough to be a success in the enterprises in which he is engaged."

Laughed at the World

Democrat of Miletus, who laughed at the follies of mankind, was given the name "Laughing Philosopher" to distinguish him from the "Weeping Philosopher," Horatius, who mourned for human depravity and inaction.

Health in Repose
We are living in a day of rapid movement and unrest. Most of us are on the go constantly. We get too little rest and relaxation. Rest is as necessary as food or air. To know how to rest successfully is to know the way to good health. Less down in lax. Cultivate repose. A period of rest each day is as necessary as a time for exercise. Repose of the body helps to keep you in good physical condition.—Exchange.

Four-Dollars-a-Year Men

THE energy distributed as electrical service by the electric light and power companies of the United States is available at an average cost of \$4 per man-power per year.

These four-dollars-a-year men are the most efficient laborers the world has ever known. They are the only workers whose wage is less than before the war.

No task is too great and none too mean for them. Their capacity for beneficial service is unbounded. They are

The United States has one billion four-dollars-a-year men, represented by the horse-power generated by electric light and power companies in a year. This is equivalent to ten billion man power, or five times the population of the earth.

Look where you will—in the home, school, factory, street, office, fields, underground—you will find these laborers at work, cheaply and efficiently.

The electric light and power companies are concerned in giving efficient service quite as much as the public is in having it.

SPEND THE DAY PARTY

On Wednesday Misses Reta and Bertie Lee entertained at the pretty home of their parents with a spend-the-day party. Late in the afternoon a swim was enjoyed at Sandhill pond. Their guests were Misses Sarah Katherine Cone, Helen Hall, Elizabeth Addison, Kathleen Scarborough, Sarah N. dison, Kathleen Scarborough, Mae Cumming, Sarah Smith and Evelyn Simmons.

On Thursday Mrs. J. G. Moore and Mrs. Leffer Deloach were joint hostesses at a pretty bridge luncheon in honor of Mrs. Claude Barfield, of Americus, Mrs. Charles Neville, of Greensboro, N. C., and Misses Althea and Wilena Deloach of Clayton. The guests were members of the Octagon club and a few others. Baskets of summer flowers adorned the rooms in which their tables were arranged. High score was made by Miss Josie Helen Mathews. Her prize was a linen guest towel. Low score prize, a bridge score pad, was awarded Mrs. Claude Barfield. Four tables of guests were present.

On Saturday Mrs. Dew Groover entertained three tables of players at bridge in honor of Mrs. George Fleming, of Kinston, N. C., who is visiting her sister, Mrs. Gordon May for a few days. Mrs. Groover's invited guests comprised the immediate friends of Mrs. Fleming. Bright colored pinions were used about the room in which she had her tables arranged. A jar of bath salts was her gift to the honor guest. High score prize, a bottle of perfume, was given to Mrs. Groover. Mrs. Fleming, a dainty handkerchief as low score prize, was given Mrs. Winnie T. Lewis. Assisting the hostess were Mrs. Cliff Bradley and Miss Myrtle Watson. A salad and a sweet course were served.

LOCAL TOBACCO MARKET NOW
PAST TWO MILLION POUNDS

SALES FOR THE DAY FAR IN
EXCESS OF OPENING DAYS
RECORD.

Monday was by far the biggest day so far in the local tobacco market—in excess, even, of the big opening day.

Total receipts aggregated approximately 400,000 pounds, and sales were in the neighborhood of 360,000. Prices, while not as high as once or twice since the opening of the market, were fair, and there was less complaint than on the opening day.

The range of grades ran all the way up and down the scale—from the very poorest to some choice leaves. Prices ran from 1 cent per pound for trash up as high as 25 cents for some considerable lots.

There were farmers who averaged as high as 32 cents per pound for their entire lot which is recognized as satisfactory.

Others, with poor grade stuff, sold their prices ranging around 6 to 10 cents per pound. The average for the day is said to have been about 18 cents per pound. Selling was not finished till more than an hour past the closing hour.

Present at Monday's sale were many growers from other counties, some of them new men on the market here. E. K. Overstreet, of Sullivan, brought a large cargo and was an interested spectator on the market.

C. L. Higgins, also of Sevier county, brought around 20,000 pounds from his big farms near Oliver. R. C. Price sold 12,000 pounds at an average of 24 cents per pound.

Tuesday's receipts were slightly less than Monday's, though they went well above 200,000 pounds. As on the previous day, there were some new farmers present.

One man from South Carolina came in with two truckloads of over 5,000 pounds.

The sworn statement of sales on the local market for the season up to last Friday evening submitted to the department of markets, disclosed a total of more than 1,500,000 to that date.

With Monday's mammoth sales, followed by two other good days—Tuesday and Wednesday—the figures are now near 2,250,000 pounds. With two more days of the present week and five days next week, there is no room to doubt that the Statesboro market will go beyond the three million mark. This is recognized as a good record for a new market.

From comments heard, there is little doubt that next year will see even more tobacco grown in Bulloch county. Some few farmers, discouraged, will drop out; but still others will come in and many will increase their acreage.

J. W. Robertson, of Brooklet, has ascertained that his yield has averaged 1,400 pounds per acre. Placed at the average price of 15 cents, this will be found to have brought him \$210 per acre. And that, he says, is more than he ever got out of a cotton crop. His yield is, perhaps, the largest in the county, yet the average for the county is not far from 1,000 pounds. At the lowest possible average price, this will show an income around \$100 per acre.

And this we are justified in declaring that Bulloch county is strongly inclined towards tobacco, and next year will give us a bigger market than this season.

AT PRESBYTERIAN CHURCH

The regular services will be resumed at the Presbyterian church on next Sabbath with preaching by the pastor at the morning hour following the usual Sunday school exercises. The morning text will be "What is Your Life?" At the evening hour the pastor will fill his regular appointment at Metter. It is earnestly hoped that every Presbyterian and other friend of our congregation will be present at the services. Listen Sunday morning for special announcement relative to Wednesday evening next, "church night," and make your plans to sit this evening aside for the church and Master. Sabbath school at 10:15, W. E. McDougald, superintendent; public worship at 11:30, sermon by the pastor. "Come thou with us and we will do thee good."

A. E. SPENCER, Pastor.

As an indication of the trend of the market, the following are some of the sales during the week:

FARMERS' WAREHOUSE, H. W. Gausch & Co.

C. S. Cromley & Sowell, Planters.
